4 October 2012

Newcastle disease vaccination - July 2012 campaign

The following is a summary of available information on the vaccination campaign to date. It covers all vaccine distributed via SSSLP since 1 July 2012, including some for the INCIP project being conducted by Bunda College.

District(s)	Staff/CustomerID	Total vials used	Est birds vaccinated ¹
Dwangwa	A Masambo, SSSLP	47	11,750
Karonga	G Banda, SSSLP	250	62,500
Kasungu	R Mjima, SSSLP	157	39,250
Mzimba	E Mkandawire, SSSLP	150	37,500
Nkhotakota	S Mkandawire, SSSLP	45	11,250
Not stated	Not recorded	20	5,000
Lilongwe, Mzimba and Karonga	Bunda College	64	16,000
Ntchisi	J Msosa, SSSLP	70	17,500
Rumphi	I Mulenga, SSSLP	30	7,500
Rumphi	H Mbale, SSSLP	75	18,750
SSSLP total for all areas		908	227,000

Prepared by:

Pat Boland
Field Veterinary Officer, SSSLP

¹ Estimated on the basis of a presumed average of 250 chickens vaccinated per vial. In practice, this figure is mostly higher than 250, hence the actual numbers of chickens vaccinated will be higher than shown.
