4 October 2012

Newcastle disease vaccination - March 2012 campaign

The following is a summary of available information on the vaccination campaign to date. It covers all vaccine distributed via SSLLP from 1 March 2012 to 30 June 2012.

District(s)	Staff/CustomerID	Total vials used	Est birds vaccinated ¹
Dwangwa	A Masambo, SSLLP	10	2,500
Karonga	G Banda, SSLLP	150	37,500
Kasungu	R Mjima, SSLLP	157	39,250
Mzimba	E Mkandawire, SSLLP	100	25,000
Nkhotakota	S Mkandawire, SSLLP	20	5,000
Ntchisi	J Msosa, SSLLP	30	7,500
Rumphi	I Mulenga, SSLLP	15	3,750
Rumphi	H Mbale, SSLLP	10	2,500
SSLLP total for all areas		492	123,000

Prepared by:
Pat Boland
Field Veterinary Officer, SSLLP

¹ Estimated on the basis of a presumed average of 250 chickens vaccinated per vial. In practice, this figure is mostly higher than 250, hence the actual numbers of chickens vaccinated will be higher than shown.
